

Northcliff High School Rotary Interact Club interacts at the annual Firlands Fete.

Northcliff High School Rotary Interact Club always has their calendar marked for the annual Firlands Fete that raises money for the Salvation Army Firlands Children's home. On the Friday before the fete this year on the 27th August, they organized a cake collection, Northcliff High School pupil's kindly donated money and about a hundred cakes to be sold in the Firlands Fete Cake stall.

On the morning of the Fete several Interactor's gathered on the field at the "Toy Market" at 7h30 to guard, promote and sell the toys that had been donated. As soon as the gates of the Fete opened there was a huge rush by the overly keen public to grab as

many packages of toys as they could. The Interactors at the exit were kept busy throughout the morning mentally tabulating the totals and trying to package the sales. Several money collections were made during the morning and it seems this stall raised quite a tidy sum.

A big thank you to all the Interactors who willingly gave up their morning for worthy cause!
